

Public and private partnership for smart cities and sustainable infrastructure

10 October 2023, h 10:00 | hybrid event

The annual conference of the Center of Excellence on sustainable finance for infrastructure and smart cities (ExSUF), established in 2021 by the United Nations Economic Commission for Europe (UNECE) and by LIUC – Università Cattaneo, aims to be an opportunity to reflect on the role of public and private finance for sustainable infrastructure, discussing with several industry and academic experts the main results of an analysis carried out by the researchers of the Centre on the instrument of Public-Private Partnership.

The event will be held on Tuesday, October 10th 2023, from 10.00 to 12.00 a.m. in presence at Auditorium Cascina Triulza – Via Cristina Belgioioso 171, Milano.

The event will be followed by a light buffet.

The event will be also available remotely, with interpretation in Italian and English.

Registration
